POPULISTS MEET PURSUANT TO A DEMOCRATIC CALL.

### NOMINATE PRECINCT OFFICERS.

OFFICIAL DOCUMENT FILED WITH THE COUNTY CLERK.

Recites That "According to Call by Democratic Committeeman of Kerr Precinct, the People's Party, in Convention Assembled, Nominated Following Persons."

A neculiar state of political affairs exists in Wyandotte township. The fact was emphasized yesterday when the Populists of that section filed in the county clerk's office an affidavit certifying to the nominations made at the fusion township convention held at Kerr's stone school house Saturday. According to the certificates of nomination the Populists there held their convention under a Democratic call. This is the official document filed with the county clerk:

"According to call by the Democratic committeeman of Kerr precinct a crowd of eager voters assembled at the Kerr stone school house on Saturday, 2 o'clock, Sep-tember 25, 1887, and the adherents to the People's party in convention assembled, J. H. Williams being chairman and John Arthur acting as secretary, nominated the following persons for the officers in the township to be elected November, 1897:

"Township trustee, John McMahan; township clerk, E. H. Holliker; township justice, J. H. Williams; constables, George Theret and Adam Seinaker; road overseer, District 1. Will Pascha; road overseer, district 2, W. T. Holliker; road overseer, district 3, Dan Reariden; road overseer, district 4, John McCabe; road overseer, district 5, and 6, vacant; road overseer, district 7, J. O. Mooney."

The action taken by these Populists shows conclusively that a certain wing of alleged Democrats are nothing more nor less than Populists. The Democratic convention which was captured by Chaff of Police Quarles, who holds his position as Populist, was recognized as a Populist gathering and the actions of the Wyandette township Populists show that this alleged Democratic convention is looked upon as the Populist organization in this county.

The regular Democrats will no doubt People's party in convention assembled, J. H. Williams being chairman and John Ar-

The regular Democrats will no doubt take advantage of 'his significaant act and if the Democrats for jobs only attempt to keep the regular Democratic nominees off of the official ballot this document will be offered in evidence to prove that the self-styled Democrats are nothing but a wing of the Populist party; dictated to by Populists and manipulated in the interests of the Populist party.

The followers of true Democracy will oper their campaign Wednesday night by halding a rousing meeting in the Odd Peilows' hall; corner of Osage avenue and Packard street, Armourdale. These Democrats have in years gone by fought the battles of Democracy in this county before the now self-styled Democrats bolted the Republican party. Before the Democrats became contaminated with Populism they had a good organization in this county and for years had a good majority in the county, electing a large portion of the ticket every election. For instance, ex-Sheriff T. B. Bowling held office for a number of years by grace of the Democratic organization locally and this political party has since been simply a requisits has practically wrecked the Democratic organization locally and this political party has since been simply a branch of the Populist party. What the true Democrats are now trying to reestablish is a Democratic organization in Wyandotte county.

exact spot is not known but the chief is positive that he will be able to locate the grave.

Chief Bluejacket was seen last night at the hotel by a reporter for The Journal. He is an educated man and from the manner in which he handles the English language no one would suspect him of being chief of a tribe of Indians. He is tall, rather slender and wears short chin whiskers. A number of old settlers of this county were with him last night and he was kept busy answering all sorts of questions concerning the border days.

Chief Bluejacket came to this section in 1832 from Ohio, where the main body of Shawnees was located. His father, George Bluejacket, was a noted fighter in the war of 1812, and went with the Eritish troops. Chief Bluejacket was never much of a warrior, in fact he was too young to do much fighting when the whites were given so much trouble from the redskins. He was Inclined to be peaceful and believed in arbitrating all Indian grievances. Bluejacket has participated in nearly every treaty made by the government within the last forty or fifty years. He was noted that came West.
Chief Bluejacket has been married three
times and is the father of twenty-three

### DIETZ TELLS HIS STORY. Relates All the Facts That Led Up to

the Murder of Russell Lindsay.

The evidence in the Dietz murder trial is in and arguments will be commenced its morning. The defense concluded its ise just before court adjourned last evenge. County Attorney Miler will make the cening argument for the state. He will be followed by Attorney Ben S. Henderson or the defense. Attorney J. A. Hale will ake the closing argument for the prosecution.

Yesterday was the most interesting day of the trial. The courtroom was crowded with interested spectators. Judge and Mrs. Gray and Mr. and Mrs. Harris testified for the defense, and then the accused took the stand. When Dietz mounted the witness stand there was a silence in the courtroom and many curious eyes watched him. He has been the center of attraction during the entire trial.

ac entire trial. Attorney Hale, for the prosecution, made Attorney Hale, for the prosecution, made a desperate effort to confuse the witness, but Dietz kept himself well collected and at times Attorney Hale was in deeper confusion than the defendant. He told his story of the shooting, and was severely cross-questioned by the prosecution. About the only time that he showed any signs of confusion was when he was asked if he killed Lindsay. He first answered that he was being tried for that offense, but had not yet been found guilty. Hale fired a number of questions at him in such rapid succession that he was not given much of at chance to answer. Dietz did not want to admit that he killed Lindsay, but finally said he did not intend to kill him. The case will likely reach the jury some time this afternoon. The jury is composed of conservative men, and the evidence in the case will be thoroughly weighed before the fate of the accused is announced.

Mrs. Laura Mahoney yesterday brought suit in the common pleas court against Charles Dodson. John, William and Anna Dodson for \$5,000 damages. This suit grew out of a rather peculiar accident. Mrs. Mahoney was a tenant of the defendants, living in a house at \$4 North James street, which structure was destroyed by the recent big fire. She holds the owners of the property liable for damages on the ground that the porch was in an unsafe condition and that the defendants were cognizant of this fact. an Unsafe Porch.

WESTERN LINES ADOPT INTER-CHANGEABLE MILEAGE TICKETS.

### SEBASTIAN METHOD APPROVED.

NEW PLAN TO BE PUT INTO EFFECT NOVEMBER 1.

Tickets to Be Good in All the Eastern Territory of the Western Passenger Association - Outside Lines Agree to It-Railway News.

Chicago, Sept. 27 .- At a meeting of the Eastern committee of the Western lines it was agreed that, beginning November 1, 1897, the Western lines, for the territory now covered by the Western lines' mileage bureau, would, in addition to the present forms of 1,000 and 2,000 mile tickets now on sale, place in effect the so-called inter-changeable mileage credit system, which is to be interchangeable between all of the lines. The credit system consists of a mileage credit permit, which will be issued through station agents to anyone who de sires to avail himself of the arrangement. Upon presentation of this permit by the holder and the purchase, and use of regular one way tickets between points in the territory over any or all lines, to the ex-tent of 2,000 miles, the holder becomes entitled to a refund of the difference between the amount paid and the net rate of 2 cents

These permits will be good in the sale of tickets, issuance of certificates and checking of baggage thereon by whoever presented, the only condition being that the refund will not be made unless the examination of the certificates issued thereon in the hands of the mileage bureau show that 2,000 miles have been used by the same person. This arrangement was adopted by all lines in Eastern committee territory members of the Western Passenger Association as well as the other lines in that territory, including the Chicago Great Western, Wisconsin Central and Minneapolis & St. Louis. This method of handling the Interchangeable mileage is that devised by General Passenger Agent Sebastian, of the Rock Island road.

### THE POPULAR FAD.

Boston's Three Great Hotels, Young's,
Parker's and the Magnificent New
Touraine, Discloses Some Interesting Facts.

In these days there is such a universal

interest in the water we drink that any-thing bearing upon the subject is eagerly read by the public. "American water fo Americans" is just now the popular fad, says the Boston Sunday Herald. In Boston and all the large cities the hotels, clubs and private families that once thought only of foreigh water, are now en-thusiastic over a well known American water and every other water is a secondary thusiastic over a well known American water and every other water is a secondary consideration.

Mr. Whipple, the well known Boston hotel proprietor, was one of the first to recognize the value of "Londonderry," and place it on his list.

Mr. Whipple was seen by the Herald writer a few days ago just as he was finishing a bottle of "Londonderry." The conversation naturally drifted to mineral waters.

"From the time of introducing the 'Londonderry,'" said Mr. Whipple, "its sale has been one of constant increase. During the last year this increase was very marked, it being fully 100 per cent greater than for the twelve months previous."

"Was this shown in the sales at the dining tables?"

"Yes: my guests show a decided preference for it as a table water."

"Here, too, the 'Londonderry' is in great favor. I believe more people are now drinking the 'Londonderry' than all the other American waters combined."

"What is your personal opinion of it?"

"I consider it one of the very best table waters, and cannot say too much in its favor."
